

Skill 3- 5I: Venn Diagram

Venn Diagram

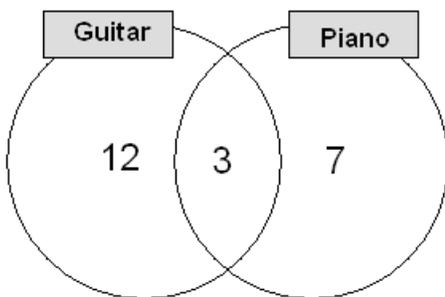

Answers to test question 5H

1. How many students play football? **Answer: 8**
 Melody, Wendy, Ryan and Gene play only football. (total of 4 students)
 Jake and Emma play football and baseball. (total of 2 students)
 Grace plays football, baseball and basketball (total of 1 student)
 Marissa plays football and basketball (total of 1 student)
 So, there are 8 students altogether that play football. To help answer this question, look at all of the students that are in the football circle.
2. How many students play all three sports? **Answer: 1**
 Grace is the only student who is in all three circles.
3. Who plays only baseball and basketball? **Answer: Sean and Sue** play only baseball and basketball.
4. Who plays only football and basketball? **Answer: Marissa**
5. Who plays only basketball? **Answer: Kevin, Rachel and Lisa.**

Directions: Use the Venn diagram to answer the questions.

Band Instruments

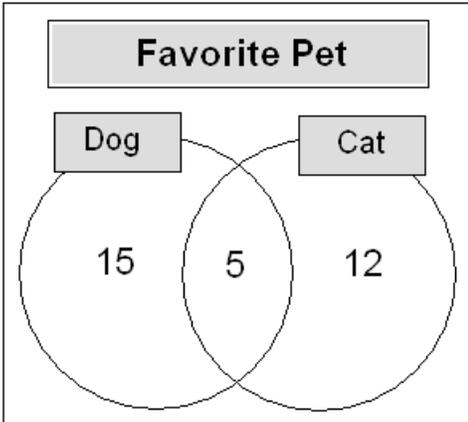

1. How many students play guitar? _____
2. How many students play guitar and piano? _____
3. How many students play piano? _____
4. How many students play only guitar? _____
5. How many students play only piano? _____

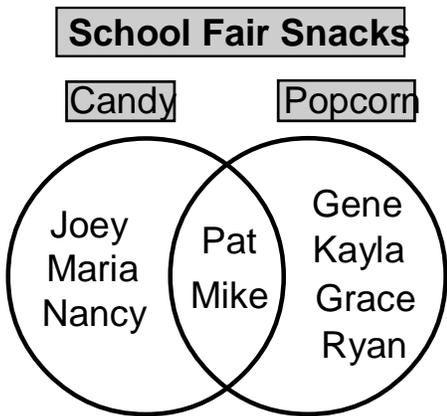

Skill 3- 5I: Venn Diagram

Venn Diagram

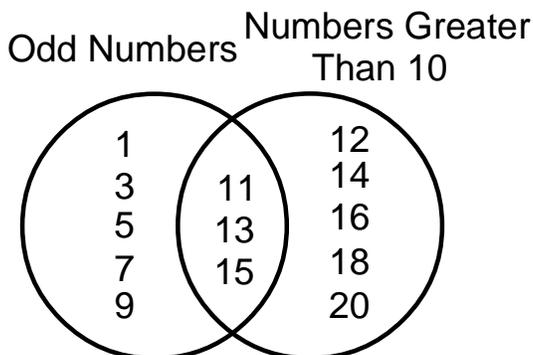

Directions: Use the Venn diagram to answer the questions.

- 6. How many students have dogs? _____
- 7. How many students have cats? _____
- 8. How many students have both a dog and a cat? _____
- 9. How many students have only dogs as pets? _____
- 10. How many students have only cats as pets? _____

- 11. How many students ate candy? _____
- 12. How many students ate popcorn? _____
- 13. Who ate both candy and popcorn? _____
- 14. How many students ate only candy? _____
- 15. How many students ate only popcorn? _____

- 16. How many odd numbers are in this Venn diagram?

- 17. How many numbers greater than 10 are in this Venn diagram? _____
- 18. Which numbers are odd numbers greater than 10?

Answer Key 3-5H

1. How many students play guitar? $12 + 3 = 15$

2. How many students play guitar and piano? 3

3. How many students play piano? $7 + 3 = 10$

4. How many students play only guitar? 12

5. How many students play only piano? 7

6. How many students have dogs? $15 + 5 = 20$

7. How many students have cats? $12 + 5 = 17$

8. How many students have both a dog and a cat? 5

9. How many students have only dogs as pets? 15

10. How many students have only cats as pets? 12

11. How many students ate candy? $3 + 2 = 5$

12. How many students ate popcorn? $4 + 2 = 6$

13. Who ate both candy and popcorn? Pat and Mike

14. How many students ate only candy? 3

15. How many students ate only popcorn? 4

16. How many odd numbers are in this Venn diagram? $5 + 3 = 8$

17. How many numbers greater than 10 are in this Venn diagram? $5 + 3 = 8$

18. Which numbers are odd numbers greater than 10? 11, 13, 15
